

The family room

Your stay in the family room

At the Spital Lachen you have the opportunity to spend the first few days after the birth of your child in the family room with a caregiver (your partner, in special cases another caregiver). This room is specially furnished for this special stay. You can recover from the birth in a comfortable and family atmosphere and after this intensive experience you can get to know each other as a family and stay together. The focus is on the newborn child, so unfortunately there is no possibility that siblings will also stay overnight.

The family room offers the caregiver the opportunity to take part in the care of mother and child around the clock. The first few days together contribute to a great extent to a trusting parent-child relationship.

When the caregiver no longer stays in the family room, the room will be released.

Cost for partners in the family room for a single birth*

General	Semi-private	Private
CHF 250.–	CHF 125.–	Free

Cost for partners in the family room for a twin birth*

General	Semi-private	Private
CHF 125.–	Free	Free

*The costs are per night excl. food and drink, which will be invoiced separately.

You can register for the family room using the adjacent form. As it is not possible to know the exact date of the birth, the family room cannot be reserved. If the family room is occupied, alternative rooms are available.

Provisional registration for a stay in the family room

- We accept the conditions mentioned on the adjacent page and would like to provisionally register for a stay in the family room.
